Pre-Session Questionnaire Package

Thank you for agreeing to take part in this important study. There are a few questionnaires in this package that will help us investigate a new trauma therapy. There are no “right” or “wrong” answers to these questions; we are interested in your views and experiences. Although we ask that you answer all of the questions as best as you can, if any question makes you feel uncomfortable, you are free to skip it.

This package should take about 30 minutes to complete. All of the answers you provide will be kept in the strictest confidence.

*** Pages are double sided***
